

MOCK-UPS & PROTOTYPES

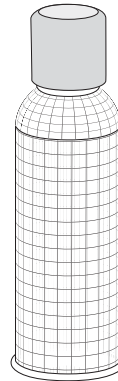

The advantage of making mock-ups and prototypes gives you the ability to see your final product just as it will appear on store shelves or your customer's hands. Traco's Digital Print solutions for mock-ups and prototypes offer a professional touch for your next product launch or presentation. Give them what they want: a "hands-on" experience with your new product.

Traco's Packaging Specialists can produce mock-ups and prototypes for almost any type of packaging solution. These include: Shrink Sleeves, PS Labels, Flow Wrap Film, Pouch Film and more.

Digital Packaging mock-ups and prototypes are ideal for a number of purposes, such as:

- Research, Development and beta testing
- Presentations and Focus Groups
- Final Approvals
- Pre-selling
- Trade Shows
- Photo Shoots

And so much more...

Go from Concept to Prototypes with Fast, Easy, Accurate Prototypes & Mock-ups from the experts at TRACO.

Hi-Fidelity Color Options:

 **4-Color Process**

 **6-Color Process**

Traco's Hi-Fidelity color options give you the ability to match almost any color to give you the most accurate prototypes and mock-ups.
